

GP360D PART ECO

SEATS
UP TO
6
PEOPLE

INNOVATION THAT WORKS

The GP360D Part Eco offers the legendary robustness and ease of use of the standard Groundhog Mobile welfare unit whilst offering a green environmental solution.

The unit is fitted with 12V LED lighting complete with PIR sensors to automatically sense movement, turning lights on or off as required. Situated in the canteen, toilet and generator room, this feature gives owners and end users savings by way of reduced fuel usage, reduction in generator servicing, longer generator life, fewer breakdowns and reduced noise pollution.

- The latest concept in 12V technology delivers power to the LED lighting and USB sockets without the need for the generator to be running, resulting in lower CO2 emissions and reduced generator runtime
- Lightweight, compact, towable and anti-vandal
- Meets HSE & CDM requirements
- Provides all your on-site needs in one small package

SEATING AREA

FULLY HOT-DIPPED GALVANISED CHASSIS

6kVA GENERATOR

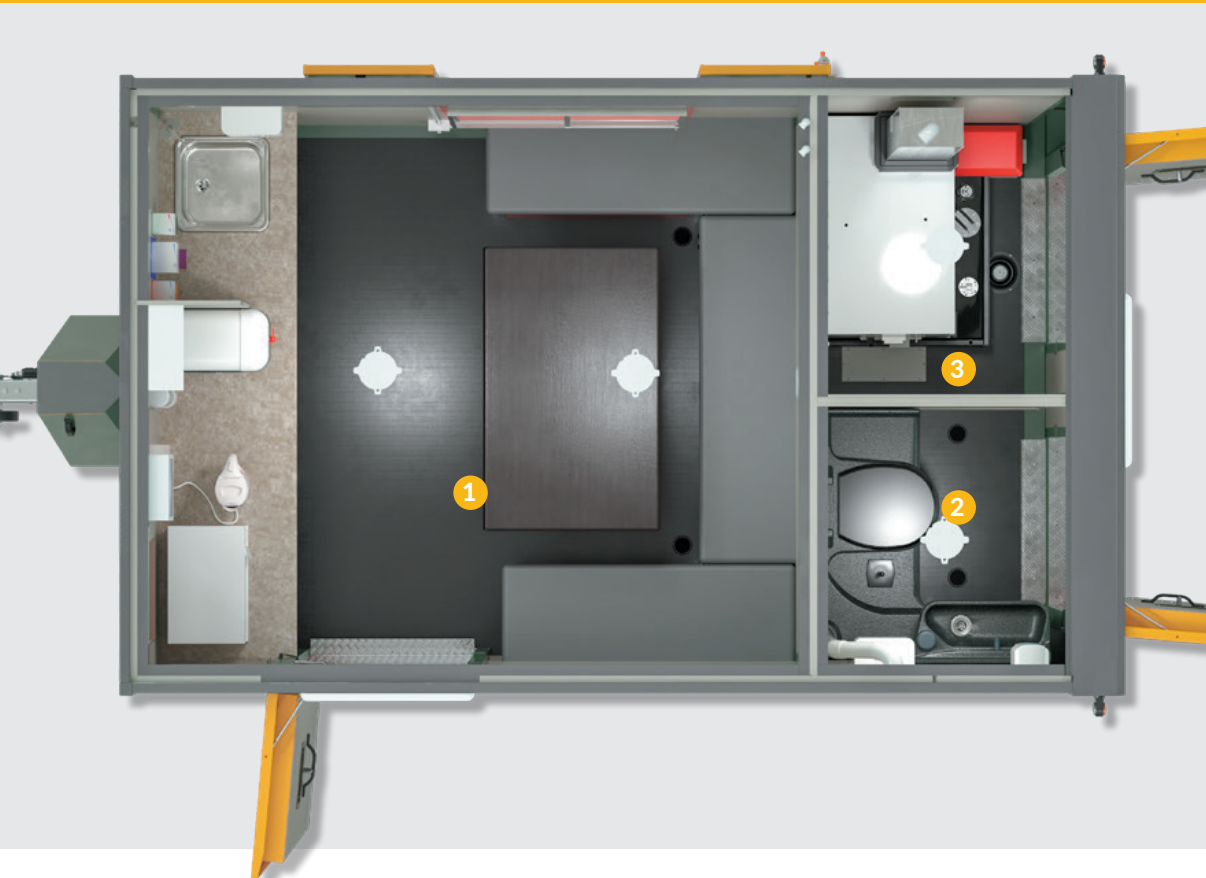

FRESH WATER:	20 Litres
WASTE WATER:	20 Litres
TOILET TANK SIZE:	280 Litres
FUEL TANK SIZE:	58 Litres

BATTERY POWERED LED LIGHTING

BATTERY POWERED USB SOCKET

Well equipped canteen

Warm room / Generator area

Toilet area

1. Welfare Area

- Table and bench seating for up to 6 people
- Microwave and kettle – both hard-wired
- Fresh and waste water containers (20L cap each)
- Warm water supplied by on-board heating system
- Large stainless steel sink c/w warm water tap
- 12V pump for water system
- 1kW electric wall mounted heater
- 12V LED lighting
- Single 230V 2amp socket
- Consumer board c/w RCD & MCB's
- Generator control panel with hour run meter
- Paper towels, liquid soap and cup dispenser
- Carbon monoxide monitor and smoke alarm
- Fresh drinking water container (20L)
